Celje, a host of Firefighting Olympics 2022

Celje, the city of the counts, is a magnet that draws and attracts with ancient stories, myths and legends and overwhelms with its contemporary urban pulse. It takes you to places where the impact of our ancestors and contemporaries can be felt; or to places where a vast expanse of natural beauty offers tranquillity, relaxation or adventure.

Celje is a friendly city for anyone looking for a cultural verve, relaxation, history and traditional events. Summer, the most beautiful season in Celje, invites visitors with a lavish program of events, open-air concerts and shows in the old town of Celje and at the Old Castle of Celje. The destination is marked by diverse landscape, surrounded by mountains and high hills. The area includes various thermal spas (Terme Dobrna, Rogaška Slatina Group, Rimske terme, Thermana Laško, Terme Olimia and Terme Zreče) that provide its visitors with all the comfort that wellness and professional care can offer.

This summer Celje has a great honour to host Firefighting Olympics. We have prepared an offer of accommodation capacities in Celje and the wider surroundings for visitors of CTIF 2022. As the event is held during the highest tourist season, we recommend you to book the rooms as soon as possible, before March, as prices of accommodation will change.

We will be happy to arrange your adventure during your stay: sightseeing, transfers, tailor-made programmes for groups at the Old Castle of Celje, team building activities, culinary workshops and many more. We deliver custom-made packages which include professional guiding, activities, entrance fees and other services upon request.

You can discover Celje and the area in a variety of ways, duration and interests.
